

# GIRLS JUST WANNA HAVE FUN

*Want to get away from everyday life with your girls for a relaxing, indulgent, fun-filled mini-vacay?  
This trip to Bainbridge Island is just for you!*

## Day 1

**Morning:** Arrive on Bainbridge Island and check into your accommodations at one of our many vacation rentals through **Destination Bainbridge**. After getting settled, tuck into a breakfast to fuel the rest of your day.

In Winslow, you'll find delicious fare available at **Good Egg, Streamline Diner**, and the **Madison Diner**. Once you're full, walk around either **Lynwood Center** or **Winslow Way** to work off your meal by exploring the boutique and specialty shops that make Bainbridge unique.

Some of our favorites in Winslow include **Salt House Mercantile, Petit & Olsen, Hattie Rose, Danger, Covet, Millstream, Eagle Harbor Book Co.**, and **BonBon!** Are you the crafty type? **little island crafts, Churchmouse Yarns & Teas**, and **Esther's Fabrics** should be right up your alley!

In Lynwood Center, you'll find a cluster of cute boutiques and shops, the **Earth & Vine** wine bar, the **Historic Lynwood Theater, Heydey Farm Store**, and amazing places to grab a bite to eat - particularly **Hammy's** and **Island Cool!**

**Afternoon:** Time to chill out! Pamper yourself with a visit to **Renew Day Spa** for a spa treatment or facial (make sure to book a spot before your trip!). Or, give your sore muscles a good tending to with a massage from **Sacred Soul Bodyworks, Bay Massage, Waivess Massage**, or one of the many other talented masseuses on the island. Looking to get your nails done? Pop in at **Red Hot Nails** or **Star Nails** to give your tootsies some extra TLC.

**Evening:** After a day of shopping and relaxation, indulge yourselves at **Treehouse Café** with delicious food and live music. Several of their signature pizzas are named for prominent areas of Bainbridge, and none of them will disappoint!

# GIRLS JUST WANNA HAVE FUN

## Day 2

**Morning:** After breakfast, visit the **Grand Forest** or **Gazzam Lake Reserve** for some outdoor trekking. The Grand Forest features several miles of interconnected hiking trails and beautiful evergreen foliage. Just remember to wear a hat and watch out for owls! Gazzam Lake offers views of the lake itself as well as a slightly longer trail. Not a fan of forest hiking? Travel up to the **Bloedel Reserve's** public gardens and marvel at the reflecting pool, Japanese garden, aviary preserve, and the natural splendor of Bainbridge Island's flora and fauna.

**Afternoon:** While you're out and about, take a tour through Bainbridge Island's seven local wineries - **Perennial Vintners**, **Eleven Winery**, **Bainbridge Vineyards**, **Fletcher Bay Winery**, **Amelia Wynn Winery**, **Rolling Bay Winery**, and **Eagle Harbor Winery** - to experience a wide range of regional wines. We especially recommend buying a bottle of Bainbridge Vineyards' raspberry wine - it's to die for! Though our local wineries are only open for tours on the weekends, you'll find their tasting rooms are open all week long.

**Evening:** There are several options for dinner on Bainbridge Island. If it's seafood you're looking for, **Proper Fish** is the place to go for traditional British fish and chips, lobster rolls, and more. **Doc's Marina Grill** down on Parfitt Way has lots to offer by way of seafood as well, and they, along with **The Harbour Public House**, have indoor and deck seating so you can enjoy a view of the harbor while you wine and dine with your gal pals.

If you're more of a beer and pizza person, there are plenty of options for you! **Westside Pizza** offers pies, wings, beer and cider. **That's a Some Pizza**, an island fixture for decades, also serves alcohol along with their thin-crust pies, made with their signature Klondike sourdough starter. **Bruschiatto** and **Bene Pizza** both offer a higher-end pizza experience, mixing artisan ingredients with delicious cocktails.

## Day 3

**Morning:** After another hearty breakfast, take one last trip around Winslow Way for some last-minute shopping. Pick up some Tiger Eye or Amaretto fudge at **BonBon**, grab some adorable souvenirs at **Danger, Dana's, Millstream**, or **Eagle Harbor Book Co.**, and don't forget to grab a cone at the island's favorite ice cream parlor, **Mora Iced Creamery!**

**Afternoon:** For your last afternoon on Bainbridge, take a drive or catch BI Ride down to the South end to visit the **Japanese American Exclusion Memorial** and learn about the role of Bainbridge Island and our Japanese American residents during WWII. Come back to Winslow to explore the **Bainbridge Island Historical Museum** (located in the old red schoolhouse) to explore our island's colorful, culture-rich past. Immigrants of all backgrounds traveled to the Puget Sound to work at the shipyards, lumber mills, and establishing farms - some of which are still functioning today. Last, but not least, visit the **Bainbridge Island Museum of Art** (free of charge!) and take in the gorgeous installations before you bid Bainbridge Island farewell.
