Bainbridge Island WINE ♦ BEER ♦ SPIRITS CANNABIS

Bottled on Bainbridge Island

Savor Bainbridge Island life by raising a glass at one of our seven award winning wineries, our micro-brewery and Washington State's first organic distillery (Winner of six international and national awards)

One winery offers tastings right in their vineyards - all seven take part in monthly winery tour weekends. Three wine tasting rooms are located in Winslow only a short walk from the ferry.

You can also enjoy these locally-crafted refreshments at many Island restaurants, wine shops, pubs, bars, grocers and other retailers.

Our Emerald Isle

Long popular for its rural quality and forested parks, Bainbridge Island is now known for another sort of greenery. Retail boutique Paper & Leaf features recreational and medical cannabis in a variety of products.
